and Seeds*

INDEX ON BACK COVER

WHOLESALE ONLY
WINTER AND SPRING 1946 LIST

GLADIOLA BULBS OUR SPECIALTY
(Turn to Center Pages)

PHONE SUTTER 5675

938 HOWARD STREET
SAN FRANCISCO, CALIFORNIA

CONDITIONS OF SALE

Costly back ordering means time lost in starting crops. Rather than keep you waiting for items that are delayed or are scarce, we will substitute with varieties equally good or better unless you say "No Substitute."

NO COMPLAINTS ENTERTAINED AFTER FIVE DAYS FROM RECEIPT OF MERCHANDISE.

We supply 250 at the 1,000 rate of each variety.

Add 10% to the 1,000 rate if the 100 rate is not given.

All orders are accepted subject to cancellation in case of crop failure and other conditions beyond our control.

This price list cancels our previous list and quotations. No orders please for less than \$5.00.

Terms—Customers not having an established account with us, please send remittance with order. We do not send any orders C.O.D.

The Nurserymen's Exchange gives no warranty, express or implied, as to description, quality, productiveness, or any other matter of any seeds, bulbs or plants they send out; they will be in no way responsible for the crop.

Fall 1946 Bulbs

We are booking orders now on Fall 1946 bulbs, such as Tulips, Narcissus, Hyacinths, Crocus, Lilies, Dutch Iris, Calla Aethiopica, Ranunculus, Anemones, Freesias Croft Lilies, King Alfreds, etc.

As we are already making arrangements to import many of these bulbs from Holland, Belgium, France and England, early orders naturally enable us to serve your requirements better. If you have any particular sizes or varieties in mind of any fall bulbs, you can be better assured of delivery by ordering now. Send us your list of your requirements and we will book it subject to your final confirmation when prices will be established sometime in the spring. You have nothing to lose and everything to gain.

All our Holland bulbs will be shipped to our customers direct from New York. Order Now ! ! !

HORTICULTURAL HARDWARE

Early Spring Delivery

GLAZING: We have available excellent material for plastic glazing. It is effective for hot beds, small green-houses, cold frames and for poultry houses. This material is light, unbreakable, transparent, weatherproofed and air tight. It offers more ultra-violet rays than ordinary window glass. It is installed easily by tacking and can be cut with an ordinary scissors. To permit drainage, it should be installed at an angle.

"SUNFED" Plastic Glazing—	Length of Roll	Width	Price
Made in green color	50 ft.	36"	6.25
	100 ft.	36"	12.50

"DOPLEX" Plastic Glazing—			
Made in violet color, 25% heavier than Sunfed	50 ft.	36"	7.25
	100 ft.	36"	14.50
